Munich, 28 April 2023

The *Studientag Englisch Mittelalter* is an excellent opportunity for young academics (from BAs to postdocs) to present and discuss current research projects dealing with the English Middle Ages. This year, the *Studientag* will have a **new format**:

- regular presentations (30 minutes + 15 minutes discussion)
- poster presentations with 5-minute *lightning talks*

In addition to the presentations, there will be a **round table on teaching Old and Middle English and English Medieval Studies**. We will open up a Moodle platform on which teaching material may be shared during and after the *Studientag*.

Important dates:

1. **Abstracts:** We invite presentations and posters on linguistic, literary, and cultural aspects (including archaeology, paleography, and art history of the English Middle Ages). Please upload your abstract (max. 400 words + references) by **31 July 2023** using the following link:

<https://www.anglistik.uni-muenchen.de/abteilungen/sprachgeschichte/aktuelles/sem-xxiii/abstract-submission/index.html>

You will receive a notification of acceptance in **September 2023**.

2. **Registration:** For participating in the *Studientag* (also without a presentation or poster), please register by **8 October 2023** using the following link:

We're looking forward to seeing many of you in Munich this autumn!

With kind regards
the SEM XXIII organisers
