- In semesters 1 to 3, students choose one “Basismodule” and one “Profilmodule” every semester
- The individual parts of a module are assessed separately; each part has to be passed separately
- In case of failure, each exam can be repeated once
- Forms of assessment are described in the List of Modules and in the Prüfungs-und Studienordnung
- All classes and exams offered by the English Dpt are held in English. This does not generally apply to the classes chosen from the Anglo-Scandinavian Studies Modules or those from the Gemeinsamen Geistes- und Sozialwissenschaftlichen Profilbereichs
